

Free legal advice surgery for the over 50's

Are you struggling with any legal issues?

In partnership with Age UK Herefordshire & Worcestershire, QualitySolicitors Parkinson Wright is offering free legal advice surgeries starting in February 2013. These surgeries will focus specifically on issues that might affect us as we get older.

Here are a few commonly asked questions you may identify with:

- How do I make a will?
- Who can look after my affairs if I am ill?
- My spouse and I are not getting on and want to separate
- I am being denied contact with my grandchildren
- I have had an accident and am not sure if I can claim compensation
- My employers do not want me to work past retirement age

Surgeries are held on the last Thursday of every month via appointment and offer advice for those aged 50 +. If you wish, any follow up work may then be arranged at an agreed rate.

To find out more or to book an appointment contact our Information and Advice Service on:
